

Safety Policy Statement

Sustainability. Continual Improvement.

This Policy Statement complements the establishment of Company's business objectives in supporting sustainable development and applies to all processes affecting health, safety and the environment within Flagship Facilities inc. We will:

Satisfy requirements of Customers, applicable permits, regulations, legal and other requirements.

Assess and manage or eliminate risks, hazards, impacts, opportunities and changes to prevent negative impacts on safety, health, quality and the environment and to drive improvement.

Find ways to ensure consultation and participation of Employees at all levels and functions.

Empower our employees to safely stop any job that in good faith, they believe presents an imminent danger, constitutes a hazard to the life or health of any person, the environment, or community.

Take measures to protect humans and the environment today and into the future.

Yearn to continually improve health, safety, quality and environmental systems in a commercially viable way.
